Subject: Invitation to Participate in the आयुर्वेद गुरुकुलम् (Ayurveda Gurukulam) Initiative

Respected Sir/Madam,

Greetings from Central Sanskrit University.

AA(Acad)

625

25/6/26

Central Sanskrit University, established under the Central Sanskrit Universities Act, 2020, is a premier Central University dedicated to the promotion and advancement of Sanskrit and Indian Knowledge Systems. The University has been actively engaged in integrating traditional knowledge with contemporary academic frameworks. The University, through its 13 campuses across the country and IKS-EDS centres, has been actively contributing to the broader objectives of the National Education Policy 2020, particularly in revitalizing and mainstreaming India's classical knowledge traditions.

The Central Sanskrit University also has the privilege of acting as the nodal agency for the implementation of Sanskrit related policies & schemes of the Government of India. In that capacity, the university works in close coordination with the Ministry of Education, Government of India.

Central Sanskrit University, New Delhi, in alignment with the national emphasis on strengthening Indian Knowledge Systems (IKS) and contributing to the broader vision of *Viksit Bharat 2047*, has initiated the आयुर्वेद गुरुकुलम् (Ayurveda Gurukulam) under the regulatory framework of the National Commission for Indian System of Medicine (NCISM), Government of India.

The Ayurveda Gurukulam initiative is guided by the following objectives:

1. Preservation and revitalisation of authentic Ayurveda traditions
2. Strengthening Sanskrit as the primary medium for classical Ayurveda education
3. Providing a strong preparatory foundation for professional Ayurveda programmes
4. Integrating Gurukula pedagogy within the national higher education framework
5. Ensuring sustainability and academic recognition for traditional institutions

This initiative envisions a structured 7 and half year academic pathway, comprising:

- A Two-Year Pre-Ayurveda Programme (PAP) rooted in Gurukula pedagogy, Sanskrit textual foundations, and introductory scientific learning;
- Followed by the Bachelor of Ayurvedic Medicine and Surgery (BAMS) programme, to be conducted in accordance with the prescribed regulatory norms.
